

BRIDGE STUDIOS BERLIN

[Link to meeting guide Berlin](#)

The BRIDGE Studios Berlin connect water, forest & meadow, pop architecture and purism in the center of Berlin.

The over 7000 m2 big site is located on a exclusive peninsula directly at the waterfront. The Outdoor Area offers 3500 m2 park with beautiful old trees, 35 m private boat pier, and a 900 m2 large courtyard. The boat pier can also be used as a sun terrace, photography and film motif and of course to receive guests arriving by boat.

Rainer G. Rümmler designed a numerous of subway stations in Berlin. He also was the architect of the „bridge construction building“ - the former BRIDGE Studios - with his unique pop architecture.
