[Link to meeting guide Berlin](#)

40seconds develops event catering concept for 50 up to 2000 guests. We act perfectly in house or external from our innovative 250 sqm industrial kitchen in our brand new venue Westhafen. Profit from our longterm experience as an event catering company. Scouting and setting trends is our daily business, as well as the big classics from the international kitchen. By abandoning flavor enhancer and convenience products, we ensure a tasty and healthy cuisine.
