

LEARN THE ABCS OF GRAFFITI // TEAM-BUILDING WORKSHOPS - SHOW GRAFFITI AND EVENTS

[Link to meeting guide Berlin](#)

In the graffiti & street art workshop for teams and groups of 5 to 500 or more, YOU and your team make some real graffiti art. Our experienced workshop leaders will teach you the basics of graffiti art and provide insights into Berlin's street culture. You and your colleagues will experience some new, creative impressions right in the heart of Berlin while working on team skills as you create fun & original paintings as well as give-aways in this.

"We would be glad to organise further events with Urban Artists (www.urbanartists.de). We've put our graffiti art on display in our sales area. We thank you and your graffiti artists for the great experience!"
