

MCI DEUTSCHLAND GMBH

[Link to meeting guide Berlin](#)

At MCI, we believe that when people come together, magic happens.

That's why we've been bringing people together through innovative meetings, events, congresses and association management since 1987. Through face-to-face, hybrid and digital experiences, we help companies and associations to strategically engage and activate their target audiences, building the dedicated online and offline communities they need to strengthen their brands and boost their performance.
