

KALUZA + SCHMID GMBH

[Link to meeting guide Berlin](#)

KALUZA + SCHMID - event service provider, furniture rental, set builder, product developer, graphic designer, decorator.

The office is a meeting point for various expertise, port design concepts, production and event coordination. The company's internal philosophy of short distances enables maximum flexibility for fast and efficient solutions.

On the one hand, it is the iconic piece of furniture that subtly transforms the event. Another time our work is reflected in the event as an overall design concept: decorative elements are matched to the rented event equipment, lighting sets the scene appropriately.
