For more than 60 years we have been successful in bus rental and bus logistics. Safety, quality and environmental protection are our top priorities in every respect.

With one of the youngest bus fleets in Berlin, we offer transfers to the airport or train station, shuttle service to your event, sightseeing tours with guide, class trips, day care or club trips, whether for 15 or several thousand people.

Rent us, test us. Our bus service will convince you - 7 days a week, around the clock.
