

## SIGHTSEEING TOURS IN A CONVOY OF VW KAEFER

[Link to meeting guide Berlin](#)

In the 50s a small car conquered the streets of the world. The Volkswagen beetle was a revolution in the history of mobility. Today the car is a precious collector's item and still the most popular car in the world. If you want to relive the good old times the Oldie Käfer Tour Berlin is the right address. As a driver or passenger in one of the old beetles or as a passenger in the Volkswagen T2 Bus you experience emotions, adrenaline, fun and laughter.

You can decide between guided Cavalcade Sightseeing Tours and exciting discovery tours along the most famous sights of Berlin. The tours go past the Brandenburg Gate, Siegessäule, government district, Reichstag, Potsdamer Platz and much more. While a guide explains the highlights via radio during the Cavalcade tours the discovery tours allow you to find your own way around the city with a road map.

There are two different guided Cavalcade Tours which you can choose. For everyone who already knows the city well enough the beetles are offered for rent. Guided tours in German or a foreign language are available as well as individual joyrides. Whether it is a short drive or a special event, the fleet of the Oldie Käfer Tour Berlin is waiting for you. Ten restored Volkswagen beetles of the construction years between 1969 and 1997 (Sedans, Convertible or with folding top) are ready for the adventure on the streets of Berlin! The fleet is appropriate for bigger groups with 4 persons per beetle and up to 6 passengers in the T2 bus.

- VW Wolfsburg Incentive
- IHK Berlin
- Deutsches Traber Derby 2013
- Regent Hotel
- Julian FM Stoeckel Berlin Fashionweek
