

TEAM EVENT IN THE RUMMELSBURG POWER STATION

[Link to meeting guide Berlin](#)

The old Rummelsburg power station, with its unique atmosphere, is within easy reach of Berlin's city centre. The decommissioned industrial plant, still well preserved and with its own particular beauty, was constructed from 1906 to 1929, closed in 1966, and declared a heritage site in 1994.

With spreading outside areas with access to the Spree River, sixteen-meter-high machine halls (covering approx. 2200 sqm) and a basement labyrinth of corridors, the site offers a wide range of choices for your event whatever the weather.

Popular options here include our Mission (Im)Possible event, urban golf, raft building and our graffiti workshop.
