

MERZ CATERING BERLIN

[Link to meeting guide Berlin](#)

We have been active as a caterer & party service for over 25 years. We enjoy dealing with our customers and the challenge of always considering new culinary refinements. The combination of suitable equipment and attentive service are just as much a matter of course for us as personal advice, individual offers and the conscientious selection of the ingredients of the lovingly prepared dishes. We always bring our entire experience to every single catering. Our philosophy has not changed even after all these years.

Leave the work to MERZ Catering Berlin. Enjoy your event - we take care of everything else for you.
