

## TEAR DOWN THE WALL AND CREATE GRAFFITI ART WITH BERLIN HISTORY!

[Link to meeting guide Berlin](#)

Together with your colleagues, you'll first take part in a graffiti workshop and then be set loose on a replica of the Berlin Wall where you can unleash your creativity. After you've designed, sprayed and painted the Wall, it will be time to get the big hammers out where you'll smash the wall into tiny pieces. You can then take the remains of your own specially created Berlin Wall with you as a memento of your team event.
