# The Course

The BMW BERLIN-MARATHON medical team works in cooperation with a first aid organization to monitor the course and provide medical care as soon as necessary. The medical staff on duty has the right and responsibility to remove any participants from the race, who are demonstrating signs of injury or excessive strain.

All individuals, choosing to participate in endurance sports, should undergo a medical examination at least once a year. The completion of a 10 km race, half marathon or marathon is not always an accurate indicator of good physical health. It is recommended that all entrants receive a physical examination prior to competing in the BMW BERLIN-MARATHON.

# Where to pick up your start number

At the Expo BERLIN VITAL you will receive your starting documents upon presentation of your registration confirmation! Please also bring your passport or ID-card.

**NEW! This year, the Expo BERLIN VITAL Fall is held at STATION Berlin (Luckenwalder Straße 4-6, 10963 Berlin). More information at <http://www.berlin-vital.de/en/fall-2017/>**

The Expo BERLIN VITAL highlights the latest lifestyle, fitness, wellness, health, and nutrition trends. The expo will host more than 190 national and international exhibitors and offer everything related to sports performance, functional wear, nutrition, sports medicine, active vacations and much more. More than 90,000 visitors are expected to attend the Expo BERLIN VITAL.

There will be changing tents and enough toilets in the start/finish area.

Toilets will be provided at the end of each refreshment point as well. The changing tent and toilets with wheelchair access are located between the start and the Siegessäule (Victory Column) in the direction of the race.

Detailed map follows in August approx.
