

## Stars To Go

Mit Prominenten auf  
persönlicher Stadttour

Stars To Go is a new exclusive experience in Berlin. Famous actors, musicians, models or artists take you on a very personal city tour. You spend time with your favourite star, listening to stories, chatting during a drink on tour, getting to know places besides the standard tourist sights. Nevertheless an additional professional guide will provide historic and city facts. All tours take place in elegant vans or buses and last about four hours.

Included in all tours are: a welcome drink, a refreshment along the tour, entrances and a final three course dinner with two drinks.

The tours take you to all parts of Berlin depending on the guide and it's theme for his tour. The highlight is definitely the final dinner in a restaurant picked by the VIP- guide getting the chance to exchange personal words with your star.

The tours can be booked exclusively for a small group of people, for large groups ideally not larger than 30 people. For company events or Christmas parties. There are also tours announced on certain dates for which single tickets can be booked. These groups are not larger than 25 participants for a more intimate or personalised experience.

Stars To Go is currently operating in Berlin but has exciting plans to expand to other German and European cities. With more VIPs expected to showcase their cities in the near future be sure to keep a lookout for interesting developments soon.
