

LPS EVENT CATERING

Perfection

WE BEGIN WHERE OTHERS LEAVE OFF ...

As caterer, all we ever get is one chance. Keeping this criterion in mind, that's how we approach the planning and enactment of each event. In the process we let ourselves be inspired by the overall concept for a certain event.

Because, in the end, everything has to fit perfectly: the atmosphere, the event concept, the programme, the dining arrangements and – naturally – the culinary experience.

Everything is interlinked here and shows just how important excellent teamwork is. That's why we work very closely together with our clients to achieve our mutual goal: to design a one-of-a-kind event where we delight hosts and guests alike.

LPS OVER THE COURSE OF TIME

2018

2004

1966

- 1966 Deutsche Lufthansa AG creates the limited liability company Lufthansa Service GmbH as a wholly owned subsidiary, including the division Lufthansa Party Service. This is the beginning of the one-of-a-kind success story that has continued to this day. LPS has 14 locations nationwide and is constantly on the road both domestically and abroad on its culinary mission to treat thousands of guests to one new taste sensation after another. These kinds of culinary experiences include the catering for “Das Deutsche Haus” within the framework of many summer and winter Olympic Games, as well as the organisation and catering of state banquets and world-fair expositions.
- 2003 First award as “Caterer of the Year”
- 2004 Founding of LPS Event Catering GmbH
- 2008 Integration of LPS Event Catering GmbH and LPS Event Gastronomie GmbH under the corporate umbrella of the Compass Group
- 2009 Compass takes over 100 per cent of LPS Event Catering towards further expansion of the catering business.
- 2013 Merger and change of name from LPS Event Catering GmbH to Food affairs GmbH, including the brands Levy Restaurants and Levy Restaurants Eventcatering
- 2018 LPS relaunches under the direction of Oliver Wendel. A nationwide repositioning takes place in the course of this corporate relaunch. As a result, the premium provider conceptualises and accompanies the first events involving several hundred to several thousand guests.
- 2018 In 2018, LPS joins LECA, the association of Germany's leading event catering companies.
- 2019 Nomination BrandEx Award and successful return to the top ten from the acclaimed BlachReport Ranking.

WE'RE YOUR STRONG PARTNER FOR...

EVENT CATERING

Glamorous gala event, state banquet, world-fair expo or major corporate event. Dignified, futuristic, puristic, opulent, whimsical or stylish – at LPS, we stage every occasion tastefully to meet the highest standards.

TRADE FAIR CATERING

From imaginative media breakfast to tasteful crew catering, all the way to a marvellous party for customers as grand finale – catering makes a decisive contribution to business success, particularly at a trade fair.

SPORTS HOSPITALITY

LPS premium catering is also far ahead of the field in the sports and stadium hospitality sectors, both nationally and internationally. Here we provide advisory consulting and implement hospitality solutions, for instance in food and beverage management for arenas and stadiums – which equally includes VIP and team zones, as well as food courts.

LOCATIONS

The location is the most important element when drafting the overall concept for any event. Once it has been determined where, that's when we start to design our premium catering so that it perfectly fits the occasion, motto and desired location. In the process we draw upon our own exclusive venues as well as the ones we operate in co-operation with acclaimed location portals.
