EVENT EXPOSÉ

# 19grams Alex

**Right in the middle of Berlin - 19grams' new Specialty Coffee Center is the perfect venue for all kinds of events. Of course always paired with the best coffee specialties from all over the world.**

Directly between Alexanderplatz and Hackeschem Markt we have built the 19grams Alex, a complete hub celebrating specialty coffee. An excellent café, a certified training centre and of course our own roasting plant. Built of steel, glass and solid wood, these rooms provide a great setting for any event. Separable rooms, combinable areas and a very good infrastructure are the perfect ambience for small and large events.
