# HOW WE WORK

## OUR ANSWERS TO THE CHALLENGES OF GLOBAL BUSINESS TRAVEL:

Global Travel is on the increase, even in times of pandemics, economic doldrums and geopolitical turmoil. But recently the management of travel risks has come into clear focus, for both leisure and business travelers. **Travelers feel a greater need for security.** Employers undertake every effort to comply with their duty of care obligations and protect their employees from travel risks and from losing precious time.

This is how services of ACTION Worldwide Limousines contribute effectively to an active travel risk management:

- Pre-booked and qualified chauffeured services minimize the risk that travelers run by using public transport or dubious chauffeured transportation in foreign countries.
- Airport Meet&Greet services keep individuals from exposure to public. Executives and VIPs can stay in their privacy and they're avoiding unnecessary risks.
- Finally in areas with a tense security situation, armored cars and executive protection services provide an extra layer of security and guaranty peace of mind both for the passengers and their employers.

## SOLUTIONS FOR PROACTIVE TRAVEL RISK MANAGEMENT

## LUXURY SEDAN Mercedes Benz S-Class

3 / 3 / Europe USA Asia

The Mercedes S-Class is the ultimate in luxury sedans and the premium class vehicle for chauffeur drive companies in virtually every location across Europe, the Middle East and Asia and the USA. It is by far the most popular choice for roadshow logistics because of its elegance, luxury and style. It is produced

in Short and Long Wheel Base versions, the latter providing an additional 110 mm of rear legroom. Almost without exception, the Long Wheel Base version is operated by our affiliates for roadshow services.

## LUXURY SEDAN Lincoln Continental

3 / 3 / Europe USA Asia

The latest luxury sedan from Lincoln brings a US luxury sedan back into the international top-class. With the Lincoln Continental passengers leave an impact on arrival. The rear cockpit features heated and reclining seats, the electronically

adjustable suspension provides a smooth ride, while the safety of rear side curtain airbags, ABS braking system, and vehicle dynamics integrated management give passengers the peace of mind they deserve.

## EXECUTIVE SEDAN Mercedes Benz E-Class

3-4 / 3 / Europe USA Asia

The E-Class draws many similarities to the Mercedes S-Class but is a smaller vehicle and offers less interior space. However, for certain applications the E-Class performs equally as well as

the S-Class and is significantly less expensive to operate, which is usually reflected in lower chauffeur drive rates for our clients.

## EXECUTIVE SEDAN Hyundai Genesis

3-4 / 3 / Europe USA Asia

The Genesis is the luxury model of Korea's famous car builder Hyundai. It has successfully conquered its position within the group of Asia's premium class vehicles in the past years. With an impressive list of safety features coupled with a

stylish exterior, the Hyundai Genesis is the ideal choice for passengers in Asia looking to travel in comfort and style for short or longer transfers. It's available in a long wheel base and offers unparalleled leg space for the passengers.

## EXECUTIVE SEDAN Cadillac XTS

3 / 3 / Europe USA Asia

The all-new Cadillac XTS is carrying on the tradition of Cadillac premium sedans and it combines the comfort of an upper-class vehicle with many features of advanced vehicle technology. It serves as a versatile luxury sedan, and due to

its cost effectiveness, its elegance and its safety standards has become the most widely disseminated sedan within the US chauffeur business. The long wheel base version is what we provide for premium services.

## LUXURY MINIVAN Mercedes Benz V-Class

5-7 / 7 / Europe USA Asia

The Mercedes V-Class has set new standards for MPVs around the world. The 'Ambiente' is the version of choice for chauffeur drive companies because of its additional refinement and

equipment levels, such as self-levelling airsuspension for a smoother passenger ride. The V-Class is available in three body sizes – Compact, Long and Extra-Long.
