UND INS GRÜNE

about

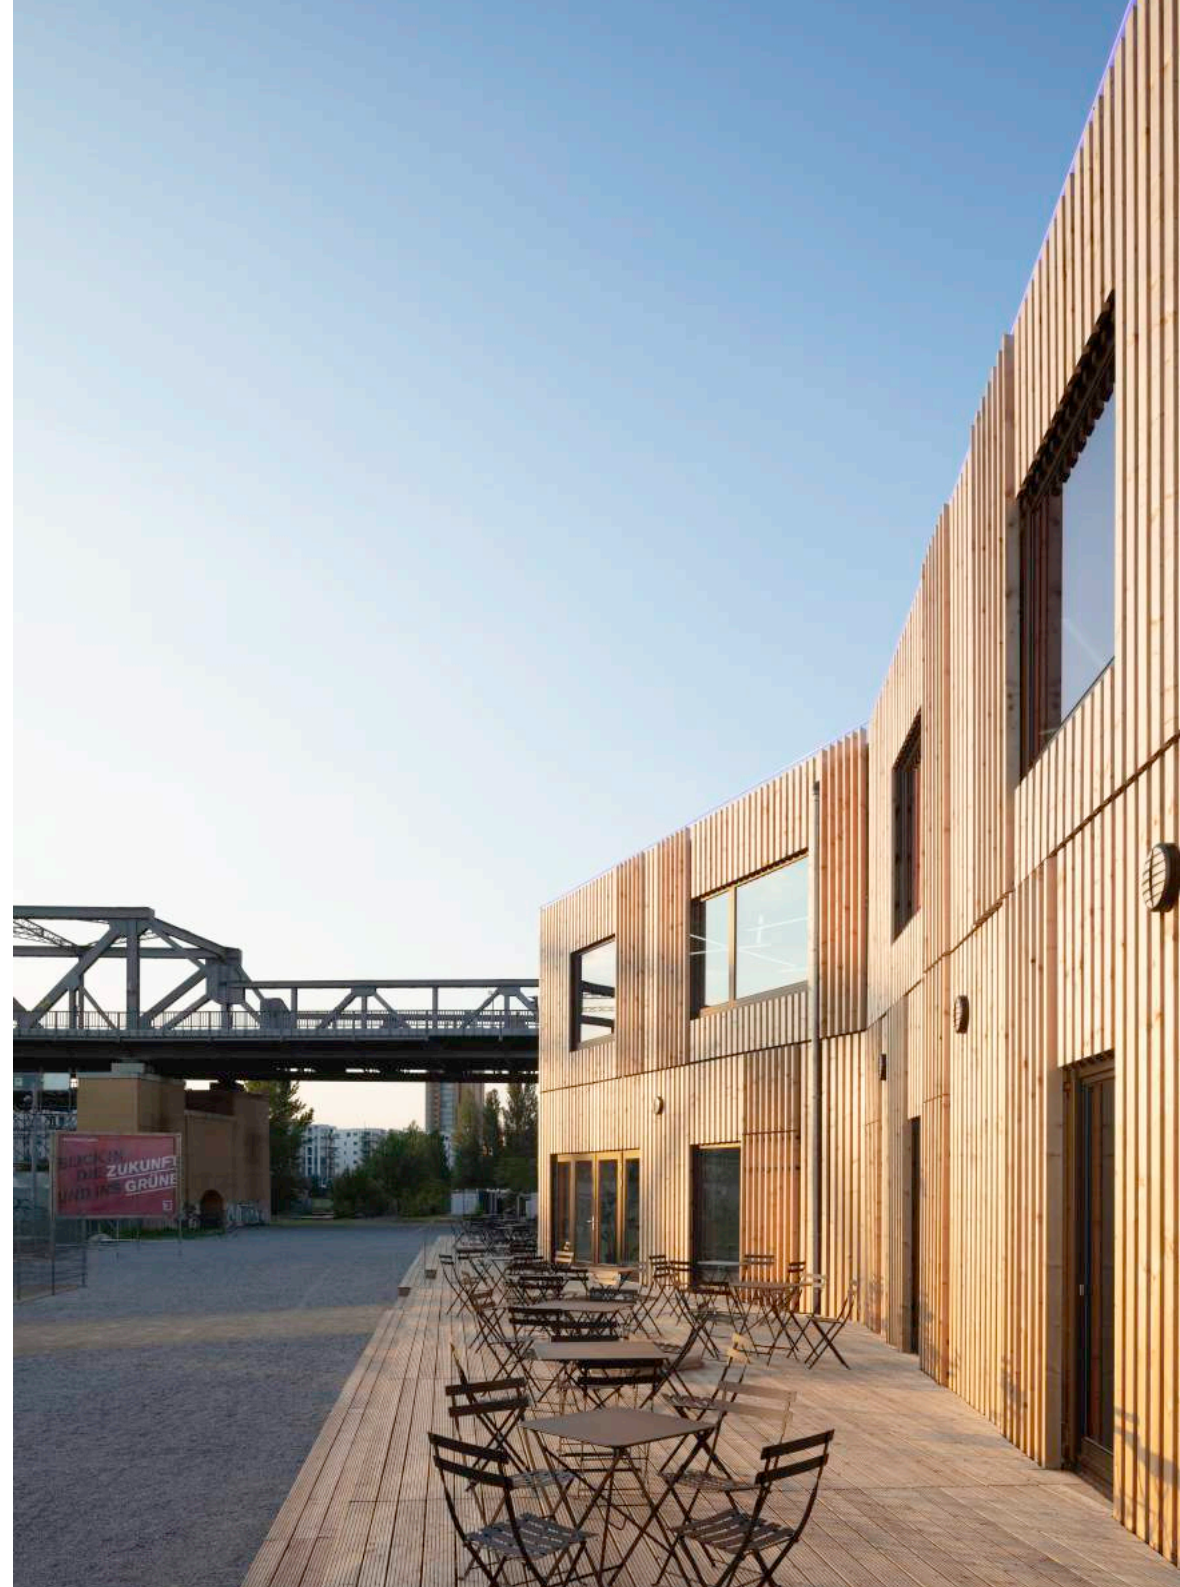

Jules B-Part is the gastronomic part of the pioneering project B-Part at Gleisdreieck in Kreuzberg, Berlin - a laboratory of the project "Urbane Mitte", an emerging centre of life and activity. The area of 3.000m² combines coworking spaces, an outdoor sports park, an art gallery as well as spacious rooms for events. Aside from speciality coffee, homemade cakes and daily lunch at the café, Jules B-Part provides a huge beergarden during sunny days. Right in the park, framed by the urban romance of the subway bridge you can enjoy Berlin's most beautiful sunset with homemade pizza and draft beer. Jules is a popular outdoor location for events such as legendary Bite Club Fridays or the African Food Festival as well as private celebrations.

Our various units can be booked for conferences, workshops, private dinners and meetups of any kind. Besides hosting guests we also provide our very own catering and event service for external events. New to the Jules family is our latest project Jules Geisberg, a beautiful coffee and bar in a refurbished post office in Schöneberg.
