

Berlin Congress Fund

A state of Berlin (Land Berlin) initiative to restart
the event industry

What is the Berlin Congress Fund's objective?

The Berlin Congress Fund is intended to support and encourage those planning trade and industry events in Berlin's conference hotels and event locations. Through a funding supplement per attendee at in-person events, the aim is to support trade and industry events held in Berlin despite the constraints and uncertainties of the COVID-19 pandemic. This support is designed for both analogue and hybrid events. In addition, the Berlin Congress Fund seeks to promote sustainable event and business management by providing additional funding for organisers whose events meet defined sustainability criteria.

The funding programme also aims at actively strengthening the MICE sector.
