

Basic funding

25 Euro for each in-person attendee per person and day

The planned event will ...:

be held in a booked event space in the State of Berlin which is subject to a fee

take place between the 1st of January 2024 and the 31st of December 2025

have at least 50 attendees in person

last at least 4 hours on one meeting day

be directed to a professional, industry, trade audience

score at least 300 points in 4 different categories according to the Sustainable Event Scorecard

Sustainable Event Scorecard

The Sustainable Event Scorecard provides the basis to evaluate an event's degree of sustainability.

The Sustainable Event Scorecard addresses all the areas of action in event management. Concrete measures and KPIs are defined for each of the areas of action.

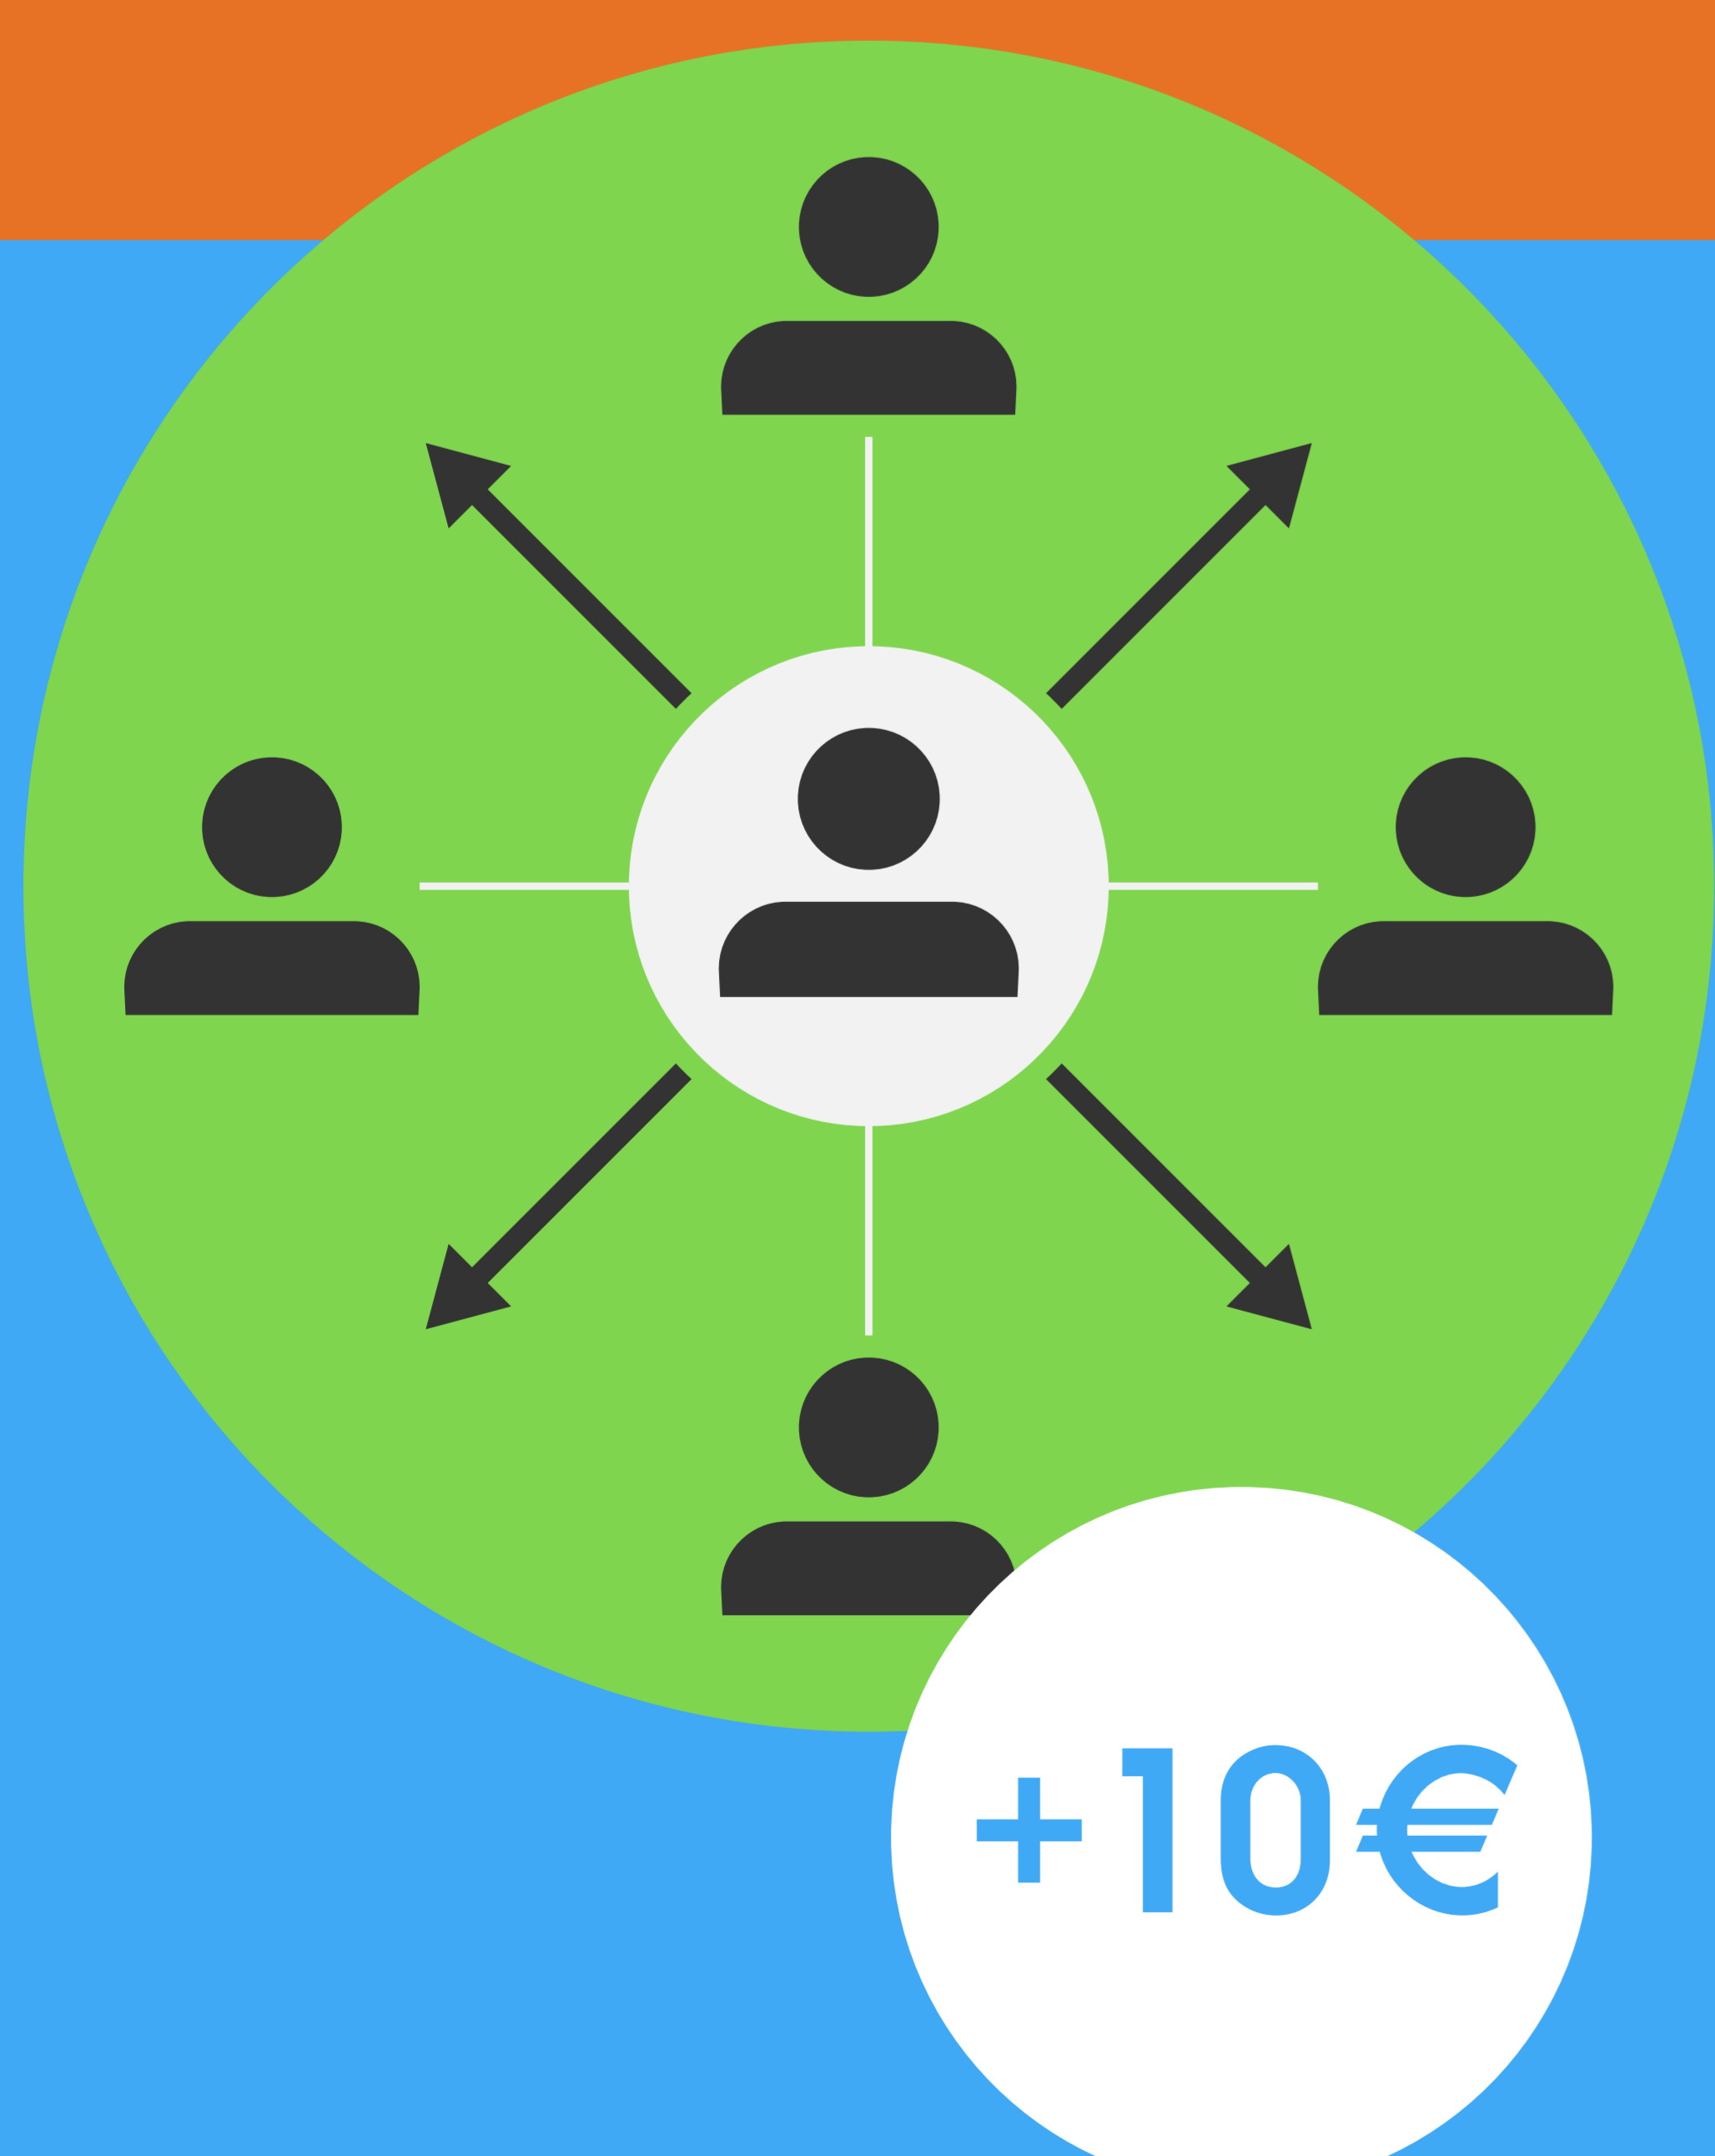

Supplementary support

Type 1: Hybrid events

10 Euro for each in-person attendee per person and day

The basic funding requirements are met.

In addition: The event has a hybrid design, i.e. it is held in Berlin as an in-person event and simultaneously as an interactive digital event.

Supplementary support

Type 2: Decentralized meetings

10 Euro for each in-person attendee per person and day

The basic funding requirements are met.

In addition: The event takes place simultaneously at several venues in Berlin that have been booked for a fee. Participants are present at one of the relevant event locations in presence. Participants are connected with each other via online platforms.
