Perfect location

We felt welcome from the very first minute. The atmosphere, the lovingly prepared and extensive brunch buffet and the attentive team created exactly the setting that our event needed: a place where real encounters can take place and women can network in a relaxed and inspiring environment.

What particularly impressed us: The professionalism and warmth of the entire team. From the initial discussions with the event team to the on-site service. Everything ran smoothly and we were able to concentrate on what our job was - our event and the networking of our guests. And that's exactly how it should be.

That's why we're really looking forward to organising more brunches at MOA Berlin in 2025. After all, if you want networking to have a real impact, you not only need the right people, but also the right place. And we've definitely found it here.

Thank you to the entire MOA BERLIN team for your hospitality - we'll be back!

Highly recommended!

We were very satisfied with our event at MOA Berlin. Everything was perfect. Both the planning (communication) in advance and the on-site support. The entire hotel staff was very friendly and courteous. There was plenty of choice of food, so there was something for every taste and intolerance and the flavour was very good. The accessibility and connection to the hotel is great.

The rooms and the hotel are really great and we can only recommend anyone to book the MOA Berlin.

All-round success

We would like to take this opportunity to thank your team for another wonderful week in Berlin. The conference was great, and its success was due in large part to your incredible staff. They were attentive, professional and friendly.

David, Pi, Taylan, Amon, Sascha, Sven, Jürgen, Alex, Florian, Stefan, Mary, Alex, Katja and Tom were particularly helpful. We really appreciated their flexibility and willingness to go above and beyond to make sure everything got done. We couldn't have done it without them! Thank you again for being such a pleasure to work with; your hospitality and service were, as always, more than satisfactory. We look forward to working together again at the next conference!

Flexible, spontaneous & successful

On behalf of my colleagues, I would like to thank you very much for the friendly and pleasant support you provided before and during our event at your premises. We thought the event was a great success. It was particularly pleasant for me to organize the event with you.

Everyone involved (in the planning, banquet and technical departments) responded to our wishes in a flexible, friendly and conscientious manner. We were particularly impressed that you found a quick solution for us and made our conference with 170 participants possible at such short notice. Thank you very much!
