

# Time Travel

Immersive city tours with live guide and immersive sound design for conferences, incentives and corporate events

The Time Travel Tour is an immersive city experience through Berlin Mitte, where history becomes tangible through the combination of live guide, music and atmospheric sound design. Via wireless headphones, participants are immersed in a dense, cinematic narrative that conveys historical events in an immediate and emotional way.

The format is particularly suited for international guests, incentive programmes or as a culturally distinctive programme module within conferences and corporate events.

## Key Facts:

- Route: Berlin Mitte (predefined tour)
- Duration: approx. 120 minutes
- Group size: 10–100 participants
- Languages: German / English (additional languages in preparation)

# Booking Process & Customisation

## 1. Define Date & Group Size

Together we clarify:

- Event date and time
- Number of participants
- Language of delivery (DE / EN)
- Number of consecutive tours for larger groups

## 2. Proposal & Confirmation

You receive a transparent proposal with a clearly defined service description (route, duration, delivery).

## 3. Implementation

On the event day, our live guide manages the complete delivery using wireless headphone technology. Participants experience a structured, atmospherically staged city tour through Berlin Mitte with clear dramaturgy and professional hosting.

# Relevance for Companies & Operational Implementation

## Why the Time Travel Tour Works for Corporate Events

- High-quality cultural format with strong local relevance
- Particularly suitable for international guests
- Emotional access to Berlin's history
- Clearly structured process without additional organisational effort
- Ideal as an incentive or cultural programme module

## Planning & Operational Reliability

- Predefined route with proven dramaturgy
- Fully mobile setup, no external infrastructure required
- Logistics exclusively via cargo bike
- Experienced live guides with clear group leadership
- Operable in nearly all weather conditions – including rain protection

## Safety & Organisation

Introductory briefing at the start

Structured time management

Clear group guidance in public space
