WE
Feeling

teamgeist boots team spirit: Collective experiences connect and inspire

The *teamgeist* crew welcomes you on board and invites you and your team to team up with us again this year. In our treasure chest we have a selection of the top team experiences for this year's season and, in addition, the following *teamgeist* services:

- Made by *teamgeist* – everything from one single provider
- Suitable for up to 2,002 participants
- Consultation, organisation and implementation of your complete team event
- Outdoor, indoor or remote - can be carried out with certainty
- All year round on your premises or at a location of your choice
- Germany-wide regional competence (on site)
- Quality and experience since 1992

tabtour[®] Award winning digital rallies

Discover the city and its surroundings from completely new perspectives with our award-winning *tabtour* app. In small teams you move to explore different locations and solve interactive tasks, virtual puzzles and challenging missions. Strategy, knowledge and healthy exercise will lead your teams to the goal.

Special stories, formats or company-specific content can pick up on and reinforce your individual event themes. With the special variant "Global *tabtour*" you can also compete with teams in different cities at the same time. With a digital rally, you always strengthen the WE feeling of your entire team.

- Variety of thematic variants
- Company-specific content
- Fun, strategy, team building
- Features and interface design can be customised
- also available hybrid and remote

(Mega)Raft Bulding

On the water with the entire company

You have found the experts for large groups in teamgeist for that very special raft building event. As a multiple Guinness World Record organiser for the largest raft in the world, we offer the highest level of quality and experience for your event.

After the team has been divided up, our guides will accompany your employees through the entire event. The construction of the individual rafts as a team also includes the design of a team flag and a ceremonial raft christening.

When all the individual rafts have come together on the water to form a large team raft, you can unroll your large company banner and have this unforgettable highlight captured by aerial photography with the help of an aerial drone. From the accompanying moderation, to spot-on procedures, to the comprehensive security concept - we will inspire you and your team!

[Find out more about our raft-building event under this link](#)

Team-Challenge

Customised team building

Whether as Highland Games, the Hütten Challenge, Team Olympics or simply as a complementary team building activity to your seminar or workshop theme - the *teamgeist* Team Challenge has something to offer for everyone.

Upgrade your company event with a challenge and choose the right modules with us. Depending on the theme and objective of your team event, you can choose from over 30 varied modules to put together the right teambuilding event for you.

- Classic team building according to your objectives
- Scottish Highland Games
- Farm Challenge
- Land-Water-Challenge
- Hütten Challenge
- Beach Challenge

NEW Tab-Challenge: Flexible team building for large groups

During this tablet challenge, the team members can use their individual talents and skills in a variety of different modules in order to collect many points together as a team and achieve the best possible result. The individual teams are guided by our digital and award-winning *teamgeist* app, which offers interesting tasks and puzzles. Start this varied team event to promote communication as well as skill and strategic thinking in your team.

We can optionally plan and implement the Tab Challenge flexibly and individually according to your needs, goals and framework conditions. Are you looking for a team event to liven up your conference? Or an effective addition to a company celebration? The Tab Challenge can be easily integrated into your planning, creates an intense feeling of togetherness and can be implemented almost anywhere.

Adventure Day

Back to the roots!

Our Adventure Day is a combination of varied and challenging team, skill and survival tasks, which are run through one after the other with lots of healthy exercise in the open air. Everyone can contribute with their individual strengths. The duration of the Adventure Day is at your discretion. Whether two, four, six, eight hours or over several days is up to you. We will coordinate a detailed schedule with you individually. Use our modular system to create a tailor-made and eventful Adventure Day for your team that will be remembered for a long time!

Activities can include map & compass orientation, backpack building (on the fly), fire science, knot tying & paracord tying, blowpipe shooting and much more. We would be happy to send you a collection of ideas. Please note that not every adventure activity is feasible everywhere and depends on the terrain of your desired location or the weather.

Dragon Boat Event

Water sports and team experience

Swing the paddles in the spirit of the original Chinese tradition of dragon boat racing. This event is a great ceremony where your employees awaken the dragon and playfully realise what constitutes a good team.

From our guides, participants learn the most important techniques for moving around with the boats and learn more about the tradition of dragon boat races. To the beat of the drum, the team practices their first strokes on board and comes together as a unit. After the first practice manoeuvres, the races can start or you can explore the surrounding area together and face small challenges in the form of special manoeuvres along the way.

- up to 10 dragon boats available for races
- authentic competitions on real regatta courses

For large groups: Wow effect for the whole company

Especially after the restrictions of the last few years, many companies are faced with the challenge of reawakening the WE feeling in the entire team. teamgeist supports you here not only with plenty of classics, but also with special team building ideas for groups of up to 2002 people.

Team net

Networking, communication and cooperation are the focus of the team net. The aim is to "network" the large group of participants. Many individual ropes are interlinked to form a "team net". Skill, cooperation and organisational talent are required. Piece by piece, a sustainable "team network" is created. Now the company banner can be rolled out on the net and its load-bearing capacity tested.

E-soapbox Grand Prix

Let's go racing: In small groups, the participants fiddle around and design in this event format. Modern soapboxes are constructed, including electric drive via hoverboard and an individual design for each team. At the big E-Mobility Grand Prix, the teams will then compete against each other to determine the best team performance.

Impulse reaction XXL

During our impulse reaction, you can create a magnificent chain reaction with all your colleagues. Reactions creatively designed by the participants run one after the other as if by magic and set off a chain reaction with surprise effects. Thanks to plenty of creative freedom, this is the ideal team event to rekindle cooperation and enthusiasm in the team.

Sailing events: The largest event sailing fleet in the capital region

Reward your team with a great sailing experience and strengthen the motivation and cohesion of your colleagues. With our event sailing fleet, up to 80 people can set sail at the same time. Whether it's regatta sailing or an enjoyable Prosecco Sailing Cup - we offer inspiring experiences.

Team Sailing

On comfortable team sailing cutters or more sporty sailing boats of the Valke type, you can go on a grand voyage in the Berlin area. Whether on the Wolziger See or on the Templiner See and the Schwielowsee near Potsdam, a wonderful sailing experience amidst blue lakes and green shores. Set sail under the guidance of professional skippers and take on all the important tasks on board.

Prosecco Sailing

On board of our sailing boats with two masts, specially designed for team events, you will learn the basic concepts and techniques of sailing under the instruction of the skippers. During a short break at anchor on the lake you can enjoy coffee, tea and cake. Together at the oars, you will go the last few metres back to the harbour, where a sparkling "jetty" with a glass of Prosecco is already waiting for your team.

„Sailing Cup“ regatta

Take your whole team on board our sailing cutters and start an exciting race for the legendary *teamgeist* Sailing Cup. After extensive training with our experienced skippers, the teams take control of the boat and have an exciting race with the other boats. Even sailing novices can learn the basics of sailing step by step.

Sustainable Events & CSR: Ecologically and Socially Sustainable

The topic of sustainability is very close to our hearts and therefore teamgeist also offers a wide range of activities that focus on social and ecological aspects of our lives. Awaken the commitment of your employees to become active with your company for a good cause.

Plastic Awareness Rally

A great way to experience a sustainable event on the topic of plastic waste is our Plastic Awareness Rally. Tablets are used for navigation and task solving. The teams can choose to complete knowledge content, quizzes or exciting tasks such as "trash" missions. The plastic waste collected during the rally is weighed out and converted into points.

Insect hotel building

Build your own insect hotel with materials provided and promote the preservation of insect diversity. With this CSR event, you create a valuable alternative to the increasingly scarce natural habitats of insects, which contribute decisively to the natural balance of our environment. Optionally, we impart expert knowledge and the finished hotels are handed over to suitable institutions.

E-Mobility Festival

Experience an exciting and varied event on the topic of e-mobility. At the E-Mobility Festival, for example, you can build your own e-soapboxes and compete against each other in the big e-soapbox Grand Prix. Upon request, we will also provide you with other means of transport such as Segways, e-scooters, e-bikes, drones and much more. Experience e-mobility at first hand.

Pleasure and health events: Impulses for a healthy life

We inspire employees and management to live a healthy life with ease and set new impulses together! Experience for yourself with your team that health and exercise can be a lot of fun without the need to be lectured and that it can help to increase vitality and well-being.

Corporate health day

We offer you a flexible construction kit of diverse modules, workshops, courses and selected lectures to create a varied health day with the whole company. Whether it's the knowledge quiz, the interactive health rally, the festival of the senses or small exercise sessions - our health experts are at your side to advise you on the right choice for your team.

Immune System Challenge

Instead of just one health day, the Immune System Challenge is an eight-week period in which we accompany your employees in hybrid formats on the topic of health and the immune system. With a mix of workshops, interventions and lectures, we ensure a more sustainable impact and can take everyone in the team with us and inspire them to adopt a healthy lifestyle.

happini Rally

Join us on an interactive rally for body, soul and spirit as part of the happini rally. On the road in small groups, equipped with iPads, the teams solve questions and team tasks around the topics of active relaxation, nutrition, stress prevention, exercise and experience - perfectly and individually tailored to your desired focus. Fun, team building and knowledge on the topic of health are combined in a playful way.

Company outing and summer party: Summer ideas

Celebrate summer where it is at its best - outdoors in nature, at an idyllic location in the countryside or directly on the water. We accompany your event everywhere with the right event programme and great, selected locations directly on the water for your company outing and summer party.

Beach Party

Where better to celebrate summer than on the beach? That's right - at the *teamgeist* beach party! We offer a wide range of entertaining and team building activity modules to suit your beach location. Whether it's beach golf, flip-flop shooting, sandcastle building or the SUP challenge, there's something for everyone. Team building and a relaxed atmosphere in the best combination.

Pirate Raft Building

Slip into the role of the legendary villains and experience an extraordinary team event. First of all, you have to master four great pirate trials! This is the only way your team can acquire important equipment, building materials and pirate props in the marketplace to build a seaworthy privateer raft. After the raft christening, it's time to head out onto the lake. The most powerful pirate raft of all time is created!

tabrace with canoe

Here, canoeing and scavenger hunts are combined to create a special challenge for adventure-hungry teams. This exciting team event leaves nothing to be desired. Equipped with iPads and GPS devices, the teams set off on a very special team adventure on the water. Riddles, team tasks and very special challenges put your team to the test.

Kick-off, Icebreaker & Networking: Impetus for your active meeting

Our icebreakers and networking events focus on communication and togetherness. For example, liven up your long seminar day with our activities or set a very special impulse for the kick-off of the event.

Speed Dating

To bring separately working teams or newly organised departments closer together, our Speed Dating is an ideal start. Break the ice and let colleagues get in touch with each other directly in a relaxed atmosphere. We organise these mini-rounds of talks in the format of speed dating and let you get into conversation on general or company-specific topics in a rotation from table to table.

Bridge Building

You work together to create stable and load-bearing connections – whether across the water, on the meadow or in the conference room. Experience how you overcome obstacles and create connections together. Accompanied by our experienced guides, you will experience a special team building activity in which the communication and cooperation of the entire team is crucial.

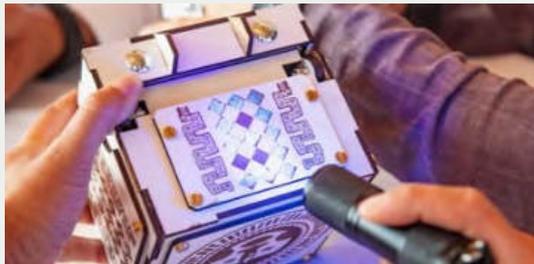

Smart Future City

During our Smart Future City team event, your employees become experts who plan and design a smart city of the future. If something new and innovative is to be created, good ideas and space for creative processes are needed. Dynamics, flexibility and adaptability are essential. Use this creative space and put your ideas into practice. The results will create enthusiasm.

Mobile Escape Games & Team Thriller: Puzzling fun and excitement

Become part of a special team adventure with tricky puzzles, surprising twists and active team tasks to take part in. With our mystery stories, excitement is guaranteed. Whether in the seminar room or on the road with iPads, round off your team building with lots of puzzle fun and entertainment.

Escape Games

Throw yourself into the adventure with your team and decipher many exciting puzzles and mechanics. Depending on the choice of Escape Game, the players go on the hunt for the Criminal Mastermind as Europol agents or save the world from an impending catastrophe. The participants take on the investigation in small teams. Videos, images and 3D elements round off the story and create memorable WOW experiences.

iPad Crimi Rally

Become part of the team of investigators and help solve the case of the beautiful Maria as special forensics units. To do this, you have to collect clues at various locations with the help of iPads, solve tricky tasks and decode secret messages. In addition, you have to keep sharpening your senses during various team activities in order to successfully solve the case. Which team will solve the mystery first?

tabtour® Crime Academy

Complete an exciting and unforgettable crime training course in the middle of Berlin. Will you pass the exams of the secret crime academy and join the select circle of the really great investigation professionals? The *tabtour*® Crime Academy in Berlin is the ideal event for fans of geocaching, scavenger hunts and crime fiction. Equipped with iPads and various equipment, you have to prove your skills.

Creative events: Shaping visions together

Promote communication, network ideas and achieve impressive results together, behind which all participants stand! With *teamgeist* creative events, the great and inspiring ideas of your employees come to life or new corporate values are made tangible and tangible.

iPad short film festival

At the iPad Short Film Festival, the task is to shoot an extraordinary short film as a team using an iPad, edit it and add the appropriate music. Here, department heads become producers, clerks become film stars and executives become music experts. Everyone feels the power of the creative process. Perfect for the sustainable transfer of your company-specific themes.

Team Art

Let your creativity run free and create unique team paintings. We provide you with protective clothing, easels, canvases and paint. We are happy to give valuable tips and organise a small competition. Participants can also solve communal tasks, e.g. create an XXL version of your logo and a creative interpretation of your company philosophy. Optionally with outlines for fixed motifs.

Kapla®

Kapla® bricks are a wonderful basis to freely design architectural masterpieces with your colleagues or to copy the famous originals. Give free rein to your creativity and thus, stone on stone, create great works of art that attract the amazed looks of the teams. Thanks to joint planning in the team and committed teamwork during construction, great constructions of surprising elegance succeed.

Fun and competition: Entertainment for in between

Ideal to liven up a conference, as a competition at a summer party or a small challenge during team building. With our flexible team experiences, you will quickly regain the motivation and focus of the entire team. On your mark - get set - go!

Archery

Equipped with bow and arrow, participants compete in an exciting team competition. Always keep your target in focus and learn the technique of archery. This has nothing to do with pure strength, but is rather a question of concentration and focus. By applying the right technique and supporting each other as a team, you can achieve the desired success.

Golf Challenge

Crossgolf as a tour or as a stationary challenge variant with diverse modules is fun and enjoyable. You can collect points for your team by teeing off, putting or target shooting. For conference centres and large hotels, we also offer an indoor variant - the golf tournament. We transform different areas of the hotel or your location into exciting mini courses.

Teamquiz

Knowledge, speed and team spirit are in required when it comes to collecting as many points as possible during our quiz show. Whether as a strategy quiz, as an entertainment for dinner or as a voting tool in the context of training courses, congresses or events - our specially developed software offers you a wide range of applications tailored to your event. Company-specific questions and topics can be easily integrated.

Good reasons: *teamgeist* promotes team spirit

With 30 years of experience and over one million participants, *teamgeist* is the expert for team events and training incentives with up to 2002 people and with the passionate mission to strengthen the "we" feeling in companies.

We develop individual team building measures and organise creative, innovative event solutions to create unforgettable experiences. High-quality, safe, healthy and ecologically sound events are at the core of our work.

Good reasons for *teamgeist*

1. Experience and expertise

More than 15,000 events worldwide since 1992. Together with passionate experts from all disciplines.

2. Worldwide and regionally on site

With a global network of partners and 11 companies, with 120 employees in the DACH region.

3. Innovation and flexibility

Classic analogue, digital and hybrid event formats - for every occasion and tailored to your needs.

teamgeist: Anniversary, Kick-off and training formats

Since its establishment in 1992, *teamgeist* has undergone many changes and has repeatedly broken new ground. At the core, however, we have always remained true to one focus - people as passionate and learning beings.

Whether team experience, team building, digitalisation, health, sustainability or process support – *teamgeist* is your solution partner for team-oriented events, kick-offs, trainings and coachings. Learn more about the topic in our downloadable brochures.
